From: Engineering Leadership

To: All Hands

Subject: Q3 Roadmap and Hiring Plan

Team,

This memo recaps last week's roadmap review. Our three priorities for Q3 are:

1. Ship the new analytics dashboard to general availability.
2. Reduce p95 latency on the ingestion pipeline by 20%.
3. Hire two senior engineers for the platform team.

Please reach out to your manager with questions. We'll hold an open Q&A on Friday at 11am.

Thanks,

The Leadership Team
